EDUCATIONS

Sreyas Institute of Engineering and Technology | Hyderabad
BTech in Computer Science Engineering (AI & ML)

Nov 2021 - Jul 2025
CGPA : 69%

- **BTech in Computer Science Engineering** with a focus on **AI & ML**

PROJECTS

Identifying Fake Products Through a Barcode-Based Blockchain System

Aug 2024 - Oct 2024

- **Developed a barcode-based blockchain system** using **Hyperledger** to **detect counterfeit products** and verify product authenticity.
- **Implemented secure and transparent product lifecycle tracking** with hash generation and timestamp-based transaction records.
- **Built a Python backend** to enable **real-time barcode scanning** and product verification for manufacturers and consumers.
- **Enhanced supply chain security** and consumer trust through decentralized and tamper-proof data storage.

Technologies / Tools Used : Python, Hyperledger

Enhancing IoT Security: Hybrid Machine Learning for Botnet Attack Detection

Mar 2025 - Jun 2025

- **Developed a hybrid deep learning model** combining **ANN, CNN, LSTM, and RNN** to **detect botnet attacks** in IoT network traffic.
- **Achieved 96.98% test accuracy** with high ROC-AUC and PR-AUC scores through feature engineering and cross-validation.
- **Improved IoT cybersecurity** by enabling accurate and robust detection of evolving botnet threats.

Technologies / Tools Used : ANN, CNN, LSTM, RNN

SKILLS

Databases :	MySQL
Frameworks & Libraries :	React, Node.js
Languages :	English, Hindi, Telugu
Programming Languages :	Python, Java, C++, SQL, HTML, CSS, JavaScript
Soft Skills :	Leadership, Critical Thinking, Adaptability, Problem Solving, Teamwork
Tools & Platforms :	Data Structures and Algorithms, Object-Oriented Programming, DBMS

AWARDS & ACHIEVEMENTS

- **Captain of the College Football Team**, leading the team and strengthening leadership and teamwork abilities.
- **Won 1st prize in the Intra-College Football Championship** for three consecutive years (2021, 2022, and 2023).
- **Won 1st Prize in Code Debugging** in College Level.
